

NOT TO CONTEST AWARD OF \$10,000

Counsel For Railroad Administration to Withdraw New Trial Motion.

JURY TRIAL LAST MONTH

Damage Suits Resulted From Accident in Which Robert E. Sheads Lost Right Arm.

Robert E. Sheads, of Gettysburg, a student at college, will receive the \$10,000 awarded him for damages resulting from the loss of his right arm when the car in which he was riding on the evening of December 20, 1918, was struck by a train of a Pennsylvania railroad at a crossing in Hanover.

A petition has been filed in the Adams county court by Cochran, Williams and Kain, counsel for the Railroad Administration, asking permission to withdraw their motion for a new trial which was filed immediately following the jury verdict rendered January 25. A letter from this firm of attorneys to J. Donald Swope, Esq., attorney for Mr. Sheads, says they have decided not to contest the case further upon the advice of the Pennsylvania Railroad Company.

Announcement that a new trial was to be sought was not unexpected as such is the usual procedure and the filing of a petition to withdraw the motion came as somewhat of a surprise.

The case of Robert E. Sheads was filed in the Adams county court April 28, 1920. It was continued through every term of Quarters Sessions until last month. The trial attracted considerable attention here and in Hanover and a number of witnesses were called by the plaintiff and the defendant. Mr. Sheads sought damages in the amount of \$50,000. The jury returned a verdict of \$10,000 for the plaintiff after deliberating one hour.

Whether the bell on the locomotive was ringing as the train approached the crossing in Hanover where the accident occurred was the point of contention in the testimony. Witnesses, who were with Mr. Sheads in the car and others near the scene of the crash testified the bell was not ringing, while members of the train crew declared the bell was sounded.

WARNS AUTOISTS

Local automobile owners and dealers have been warned to either replace locks on their automobiles or obliterate the serial numbers on the locks. This warning, sent out by George G. McFarland, president of the Pennsylvania Automotive association followed the recent theft of a code book which contains the serial-key numbers of virtually 65 per cent of all the automobiles in the United States. The book was stolen last week from the office of the United Motor Service incorporated, Philadelphia.

With this book in the hands of an automobile thief, all that is necessary for the thief to take a glance at the number of the lock on an automobile then turn to that serial number in the book. Within five minutes he can make a duplicate key and drive away with the machine.

TO LOWER ENTERING FEE

Chamber Plans For Campaign to Increase Membership.

Members of the by-laws committee of the Gettysburg Chamber of Commerce will recommend to that organization that the initiation fee be changed from \$20 to \$5 and that the annual dues be \$10 instead of \$5. Action on this change in by-laws will be taken in the near future. It is the intention of the committee that this change shall be made effective before the campaign for new members begins. Arrangements have not been completed for the campaign, which is to last fifteen days, nor have the committees that will be in charge been appointed.

BALDY SUGGESTS STATE CONTROL

Declares at Opening Session, Local Direction of Welfare Work Lessens Influence.

Centralization of control of welfare institutions in the state, thus relieving the counties of much of the burden now theirs, was declared as the best means to bring about efficient management of the institutions and the proper care of inmates confined therein, by Dr. John M. Baldy, commissioner of public welfare, at the annual conference of Pennsylvania welfare workers in York Thursday, which is being attended by county women. The commissioner was the principal speaker at the opening session, held in the Colonial hotel, and outlined a program of corrective measures which will be taken before the next session of the legislature for action. More than 150 delegates are attending the conference.

The scope of welfare work as it is now being carried on in the state is narrowed considerably by the method now in vogue. Local societies instead of visualizing the work from the viewpoint of the state, see it only from their own personal stand. Any attempt of state authorities to bring in aid is resented by the local organizations.

One major source of complaint from Dr. Baldy is that many of the institutions fail to utilize the space at their command, thereby limiting the capacity of the inmates. He cited an example in which one home for feeble minded juveniles had eighteen vacant beds and that two children, greatly in need of proper care and treatment, were refused admission into the wards because they were not of the proper classification. Sessions were held today at which Mrs. W. A. McClean, chairman and Miss Margaret McMillan, secretary of the Mothers Pension Board and Harry A. Stauffer, steward of the County Home were in attendance.

SOCIETY BANQUETS

Members, Wives And Friends Enjoy Big Feast and Social Session.

The annual banquet of St. Francis Xavier Beneficial Society was held Thursday evening in Xavier Hall and was very largely attended by the members, their wives and friends. There were one hundred and thirty people present on this occasion and a dinner was served them after which a brief social session was held. Edgar Hamilton acted as the toastmaster and responses were made by Rev. Mark E. Stock and Ralph Redding.

BIG EATERS PRESENT

Annual Chicken And Biscuit Supper Was Well Attended.

Over four hundred persons consumed 85 stewed chickens, 2000 biscuits, 30 gallons of ice cream, not to mention large quantities of mashed potatoes, gravy and cake at the annual supper given by the Mite Society of St. James Lutheran church Thursday evening. The supper which started at 5 o'clock was still in progress at eight, with still hungry customers to feed. The total receipts of the supper were about \$220.

WILL HOLD CHURCH SERVICES

Diphtheria Epidemic in Arendtsville Greatly Improves.

The diphtheria epidemic which has been raging in Arendtsville for some time seems to have halted abruptly and no new cases have been reported for several days. The authorities have decided to permit holding of church services on Sunday, but those children, whose cultures developed positive in the test will not be admitted.

COURT ADJOURNS; CASE IN MID-AIR

Further Arguments on Will Case to be Heard on March 8, Court States.

HELD PUBLIC INTEREST

Mr. And Mrs. F. A. Trostle Are Last Two Witnesses on Stand. Possibility of Marie Shenk Going on Stand.

After hearing arguments five and one-half days for and against setting Marie C. Shenk, of Carlisle, aside as executrix and beneficiary of the will of the late Sampson Albert, who died at the Shenk home in Carlisle on September 1, 1921, court was adjourned at noon today until March 6 at 10:30 a. m. However, further hearing on this particular case will not be resumed on that day, but by agreement of court and counsel, the arguments will start on Wednesday, March 8, at 9 o'clock. This date is only tentative. It is said that about three days will be required to hear the remainder of the witnesses for the defense. There is now a strong possibility that Marie Shenk will be called to testify in her own behalf at that time.

Local interest in this novel will case has extended from the town through the county and is now frequently mentioned in city dailies. Large crowds attended the hearings from Gettysburg and from all sections of the county, more especially from the section around York Springs.

Mrs. F. A. Trostle, of near York Springs, was the last witness on the stand before adjournment this morning. She, together with her husband, who preceded her on the stand Thursday afternoon and was dismissed about 10:30 this morning, live about 150 yards from the home of the deceased man. The testimony of both these witnesses coincided almost to the language used and the recital of facts.

Both testified that during the summer of 1921, Sampson Albert was in sound mental condition, although his physical condition was impaired by the first stroke which he suffered in May. Ofttimes during the summer, they testified, Sampson Albert called at their house to have them call for Marie Shenk in Carlisle to have her come to stay with him. Previous to this time, Mr. Albert told Mr. and Mrs. Trostle that he was going to have her come and live with him and take care of him. Mr. Albert also is alleged to have said that he was lonesome and that he wanted someone near him. Both testified that they saw Marie Shenk take Mr. Albert around in her car and later in the car Mr. Albert bought.

Mr. Trostle declared that he was an unwilling witness to Mr. Albert's signatures on the notes made in favor of John Duncan and Marie Shenk, each for \$1,000. Mr. Trostle also stated that Mr. Albert told him that he only wanted to give his sister and brother each \$5.00. His reason for giving his

MRS. ABNER B. KUMP

Mrs. Emma V. Kump, wife of Abner B. Kump, died at her home in Cashtown this morning at 2:30 o'clock following a two months' illness of heart dropsy, aged 53 years and five months.

The deceased was a daughter of the late Mr. and Mrs. William Kane and lived almost her entire life in Franklin township. She is survived by her husband, two sons and two daughters: Misses Beulah and Helen and Lloyd at home and Earl Kump, of Arendtsville. Also eight brothers and two sisters: John Kane, of Baltimore, Maryland; Alexander Kane, Stouffer, Pennsylvania; Franklin and Samuel Kane and Mrs. Mary Tee, of Cumberland, Maryland; Lewis Kane, Biglerville; Andrew Kane, Arendtsville; George and Charles Kane, near Orrtanna, and Mrs. William Biesecker, Latrobe, Pennsylvania.

Funeral Monday morning, meeting at the house, followed by a requiem high mass at 10 o'clock in St. Ignatius Church, Buchanan Valley, Rev. William Whalen, celebrant. Interment in the cemetery adjoining the church.

FARM SCHOOL WAS MARKED SUCCESS

Sessions Well Attended Despite Diphtheria Epidemic in Arendtsville.

EDITOR IS OPTIMISTIC

Harold Bedell Tells of Agriculture Outlook. Bankers Explain Aid to Boys' Club Members.

Adams county's first farm school in the Arendtsville Vocational School, which ended its three-day session Thursday night was successful in every sense of the word in the opinion of agriculturists present and members of the Farm Bureau here under whose auspices the event was staged. Although no arrangements have been made for next year the indications are that the school will be held again in 1923. The attendance ranged from twenty five to forty at each meeting and the epidemic of diphtheria at Arendtsville kept many from being present, it is believed.

Sessions came to a close Thursday evening with a series of talks, one of which was given by Harold Bedell, editor of the Eastern Pennsylvania Edition of the National Stockman and Farmer, of Harrisburg. Mr. Bedell expressed optimism for farming in the future and strongly urged the raising of pure-bred live stock and the sowing of clean seed.

Prices At Rock Bottom

"Prices for farm products are at rock bottom," said Mr. Bedell. "There need be no expectation of a sudden rise in these prices but in the next four or five years there will be marked improvement." The speaker urged standardization of crops for marketing purpose. He declared that the farming industry was the largest in the United States and worthy of the best efforts of the man giving his attention to it. Fifty years ago, he said, it took two men on the farm to feed one man in the city, but that now one man on the farm is able to feed two men in the city. He explained that this situation was due to the introduction of improved farm equipment and more scientific methods of farming.

Howard Nissley, farm agent for Dauphin county, spoke on the value of club work, declaring clubs which encourage the raising of better live stock are not only a community asset but are a means of keeping the boy on the farm.

To Aid Boy Farmers

I. L. Taylor, cashier of the Gettysburg National Bank, and G. W. Koser, of the Biglerville National, spoke briefly on the plan adopted by

THE PASSION PLAY

Will Feature Illustrated Lectures By Rev. Pontius In Local Church.

The sixth of the series of illustrated lectures on bible topics was given Wednesday evening in Trinity Reformed Sunday School, by the pastor, Rev. Paul R. Pontius. These meetings have been very well attended and have also proved interesting and instructive. The pastor will continue this series of lectures until April 26th, giving one every Wednesday evening until and including that date.

The subjects will include "David", "Elijah", the various journeys of Jesus and during Lent the political, social and religious life of His time will be treated upon. During Holy Week, it has been announced that the pictures of the Passion Play of Oberammergau will be shown. This subject is of especial interest this year for the people of that little Bavarian town are holding the play this year after being interrupted in its performance by the World War. The play is given every ten years by these simple folk and the last production was in 1910. Then the great war caused its production in 1920 to be postponed, and after considerable deliberation, it was decided to produce the play this year. These folk have never permitted the motion picture producers to photograph this form of religious service, as they felt it should not be commercialized.

Following Easter "Modern Jerusalem" will be the subject of the discourse and the final number will be "Paul the Messenger Who Carried The Good News to Our Ancestors."

FINEGAN STANDS BY THE SCHOOLS

Says Pennsylvania Must Spend More For Education to Have Efficient System.

FAVORS BUDGET SYSTEM

Superintendent of Public Instruction Made Principal Address Before Convention of State School Directors.

Dr. Thomas E. Finegan, State Superintendent of Public Instruction, replied to criticisms of the State's educational program in an address before the twenty-seventh annual convention of the State School Directors Association in which he asserted Pennsylvania is not making larger appropriations for education than it should make and that failure to pay the appropriations should not be charged to the educational authorities. Dr. Finegan in references to a recent speech by Auditor General Samuel S. Lewis denied he was "passing the buck" in regard to responsibility for the nonpayments and then endorsed the stand of the Auditor General in favor of a budget system for the commonwealth's finances.

"The State is making no larger contribution to public education than it should make. He pointed out that in 1911, 26.2 cents out of every dollar appropriated by the State went for education, in 1917, 22.4 cents; in 1919, 25.9 and in 1921, 26.3 cents. Any plan which seeks to equalize educational advantages must result in increased appropriations and an educational system "thorough and efficient" can not be provided as the law directs without larger appropriations than the State formerly made.

Says He is Not to Blame

"You know of the skillful effort which has been made to create the belief among school directors and teachers throughout the State that, for some unknown reason, the Department of Public Instruction was responsible for the delay in paying the school moneys. It has been a common affair for the fiscal departments of the government to advise you that the warrants had not been received or that the moneys had been paid on all warrants which had been received. The statement was not made, however, that the Department of Public Instruction could not legally transmit such warrants to the Auditor General until advised that sufficient money was in the treasury available for their payment."

Lt. Governor Beidleman Speaks

Lieutenant Governor E. E. Beidleman devoted the greater part of his brief address of welcome to laying the subject of Dr. Finegan's endorsement before the convention. Declaring that the Superintendent of Public Instruction has the most unpopular job in Pennsylvania today, the Lieutenant Governor called upon every person attending the convention who

FILMDOM STARS TO BE SUMMONED

Deputies Do Not Believe Sands Was Connected With Crime.

(By Associated Press)

Los Angeles, Cal., Feb. 10—After a beginning pronounced "satisfactory" the district attorney investigation of the murder of William Desmond Taylor was expected to be continued today with the possibility that a number of persons prominent in the motion picture world would be summoned as witnesses.

Twelve persons, both men and women, believed to have information of value to the investigators already have been questioned by District Attorney Woolwine or by his chief deputy. The information already obtained was desired, it was said, as ground work upon which to base the examination of persons known to have been closely associated with the dead director.

Meantime the police search for Edward F. Sands, former butler-secretary for Taylor, continued while the sheriff's deputies maintained their position that Sands had nothing to do with the crime. Both joined in declaring disbelief that Walter F. Underwood, under arrest in Topeka, Kansas, for misappropriation of funds of a Los Angeles Company had any connection with the murder of Taylor. They said, however, he is wanted here on a complaint sworn out by a bonding company charging misappropriation of funds.

Chicago, Feb. 10—William Desmond Taylor, also known as William Dean-Tanner, never had a brother and he belonged to the oldest and most aristocratic families of Ireland, according to a statement today made by Mrs. William Farnum, who knew him well when he was a boy. His father was a major. He was the only one of his family, who was not something of a snob.

At the same time another Chicagoan Mrs. John H. Borden, a close friend of Mabel Normand, was rising to the defense of the latter after a five months visit with Miss Normand.

"Bill" Taylor was in love with her, very much so but it was unrequited. She had been engaged to Mack Sennett but that was an old affair and now they are merely good friends."

"Mabel never mentioned Mary Miles Minter's name to me. If there had been an affair between the two I believe Mabel would have told me."

"As to those 'baby' letters, I read them to Mabel over the telephone when she was away. If she would have been in love with him she would never have allowed me to do that. As far as Mabel Normand is concerned she is not 'wild' and her screen ambitions are too big a part in her life to let anything in the world interfere."

WHEAT AND BUTTER DROP

Farmers who were greatly elated over the recent increases in the local wheat market will be surprised to learn that the price of \$1.23 per bushel was short lived and today it dropped two points and is being bought at \$1.21. Butter has also dropped in price and it is now quoted at 30 cents per pound on the local market, a decrease of five cents.

FUNERAL ARRANGED

The funeral of John H. Young, who died at his home near town Thursday will be held on Saturday afternoon. Brief services will be conducted at the house at 3 o'clock, Rev. Harry Daniels, officiating. On Sunday morning the body will be sent to Newark, N. J., where interment will be made.

AGRICULTURE IS WELL PAST CRISIS

Said President Harding in Letter to Farmers at Western Meeting.

IMPROVEMENT STARTED

This is Source of Satisfaction to Everyone in American Business as All Departments are Interdependent.

(By Associated Press)

Crookston, Minn., Feb. 10—The general industrial business situation now is such as to justify confidence that "we are well past the worse phase of the agriculture crisis," declared President Harding in a letter read today to farmers attending the annual Red River Farm, Crop and Live Stock show here.

"The improvement is well begun and will be continued steadily from this time forward," said the letter.

"This is not only a source of satisfaction to every friend of the farmer but also to whoever is interested in any phase of American business for we have all come to recognize the interdependence of all departments of the national industrial establishment. No one of them can prosper permanently if any other great branch of national activity is depressed, therefore in expressing my conviction based on wide array of information that the worst is passed as it concerns agriculture, I am recording my firm belief that an era of better business and more prosperous times for the entire commercial establishment of the country lies just ahead of us. I feel, therefore, that we are entitled to look with much satisfaction upon what we have accomplished and with all confidence to the future."

STOCK REPORT

Drive Against Shorts Marks Trade Resumption.

(By Associated Press)

New York, Feb. 10—Another drive against the shorts in steels, rails and motors marked the resumption of trading on the stock exchange today. United States steel reacted a point before meeting with more than moderate support. Southern Railway preferred was out of line with other rails, showing occasional pressure as against the strength of Seaboard Air line preferred, Perre Marquet preferred and Minneapolis and St. Louis. Cast Iron Pipe common and preferred were the only specialties to extend their advance. Motors, equipments and coppers forfeited fractions. Call loans opened and renewed into next week at 5 per cent. Foreign bonds, especially French and Scandinavian issues were strong. Liberty 3 1/2 rose \$1 per \$100.

EPIDEMIC SUBSIDES

No New Cases Reported But Cultures Show Fifteen Infected.

No new cases of diphtheria have developed in the epidemic at Arendtsville and it is now expected that the schools, which have been closed this week on account of the epidemic will be reopened on Monday.

A report of the examination of the cultures taken from the children has been made by the State Health department and shows that fifteen of the 99 cultures taken are infected and a re-examination will be made of these cases. In the meantime the children, whose cultures were found infected will be confined to their homes and a close watch kept for developments.

"TO PRESENT TREATY

Harding Expected To Appear Before Senate.

(By Associated Press)

Washington, D. C., Feb. 10—President Harding is expected to present to the Senate today the treaty resulting from the arms conference.

The President was expected by his advisors in presenting the treaty to make only a brief address bespeaking generally the work of the arms conference as related to the United States and urging prompt ratification of the treaty as an evidence of good faith of the United States as a host to the international gathering which evolved the various conventions.

The President's address was sent to the public printer shortly before dinner and it was believed he would delay his appearance before the Senate until after 1 o'clock.

EIGHT SOURCES OF BONUS TAX

Possible Revenue Producers Which Have Attention of Subcommittee.

AUTOISTS ARE HARD HIT

Plan Levy on Gasoline And Licenses, Based on Amount of Horsepower.

Washington, D. C., Feb. 10.—The field of possible soldiers' bonus taxes virtually was narrowed to eight sources by the subcommittee of the Republican members of the House Ways and Means Committee dealing with the tax problem.

These sources were stated as follows:

A gasoline consumption tax of possibly one cent a gallon; a license tax on automobiles of about 25 cents per horsepower; a stamp tax on bank checks at about one cent for each check; a tax on real estate transfer at the rate of about 5 cents on each \$10 involved, and increased taxes on admissions, where the sum paid exceeds 25 cents; cigarettes, tobacco and documentary stamps.

Postage Increase Not Considered

Representative Longworth, of Ohio, acting chairman of the sub-committee, in the absence of Representative Fordney, said there was little sentiment for any increase either in the first-class or second-class postage rates, but added that there had been some discussion of an advanced parcel post rate.

Treasury experts were called in by the sub-committee to give the probable yield from each of the various tax sources suggested at hearings before the full committee. With these in hand the decision will be as to which will entail the least burden on business in particular and the country in general.

While the tax sub-committee was at work another sub-committee, under Representative Green, of Iowa, began a study of the bonus bill to decide what changes are to be made in the measure.

Btl Boosts Inheritance Taxes

In the House yesterday Representative Perlman, Republican, of New York, introduced a bill proposing a general increase in the inheritance tax rates, designed to yield an additional \$300,000,000 a year in revenue. Mr. Perlman said this would go a long way toward paying the bonus.

The rates proposed by Mr. Perlman are graduated from two per cent on net estates not in excess of \$50,000 and 50 per cent on net estates exceeding \$10,000,000. This is double the existing rates.

Any Taxes Only Temporary

The bonus taxes will be temporary, Mr. Longworth said, extending over a period of three years, and will be designed solely to take care of the cash payments to be made to former service men during the two and one-half years beginning January 1, 1923. It was explained that the cost of the other four options to be included in the bonus measure would be spread over 20 years and would not begin to be a serious charge against the Federal Treasury for several years, at least.

Members of the sub-committee figured that on the basis of estimates furnished by Treasury experts the \$350,000,000 yearly needed for three years for the cash payments could be obtained from the eight sources outlined. Exact rates in each case remain to be fixed, but the sub-committee expects to have the entire program completed by Saturday. It then will be passed upon by the majority members of the Ways and Means Committee and, under the present plans, will be submitted in turn to Republican members of the Senate Finance Committee and to President Harding.

MAKING PEACE DOLLARS

New Coin Is Not To Be Withdrawn From Circulation.

Reports of the withdrawal from circulation of the new "Peace" dollar are without foundation, Raymond T. Baker, director of mints, has announced. About one million of the new coins were struck at the Philadelphia mint in December. Fifty of these were distributed here.

"Dies for the coinage of this piece are about finished and every one of the three coinage mints, Denver, San Francisco and Philadelphia, will soon be ready to make them," said Mr. Baker, who is in Philadelphia with the United States Assay Commission, which is making the annual test of coinage from all the mints.

COP TO REGULATE WIRELESS USE

Plan For Control of Wave Lengths Which Have Become Crowded.

Washington, Feb. 10.—Control of the wave lengths of the air may require "an ether cop" to regulate the wireless "chatter" of the American small boy and other users of radio communication, Secretary Hoover said yesterday in discussing the Government's plans for radio regulation. At request of President Harding, Mr. Hoover said he was calling together radio experts of the Army, Navy, Postoffice and Commerce Departments and radio engineers to meet in about ten days to work out regulation governing use of the air for radio communication.

Development of the radio telephone he described as one of the most important steps in the progress of communication, but the limited number of available wavelengths, he declared, was causing congestion in the air.

The ingenuity of the American small boy in the use of radio telephones, the Secretary explained, had in the past few months so filled the air with "chatter" that commercial and official communication had been interfered with, while the practice of broadcasting sermons, music and other matter through the air was hindering the more important uses of the wireless telephone.

Protests against air crowding have come to the attention of the Government, he said, even from the small boys themselves and it was imperative that some strict regulation be worked out dividing the various wave lengths among the different users.

During the proceedings Thursday afternoon, counsel for the plaintiff's discovered that Mr. Trostle held a small piece of cardboard in his hand. When asked concerning it, he replied that it was just a few of the more important dates which he wished to remember. In reply to the court's inquiry of when he wrote out the dates, Mr. Trostle replied since the beginning of the trial. He was allowed to keep the memorandum.

Mr. Trostle also testified he visited Sampson Albert at the Shenk home in Carlisle on August 29. He found him a very sick man and talked to him only a few minutes.

In their cross-examination of this witness, the plaintiff's lawyers endeavored to impress upon the court that Mr. Trostle was still in the employ of Marie Shenk and that she was paying for his dinners at the Hotel Gettysburg since the beginning of the trial. He is also running the Albert farm for Marie Shenk for which she is paying him.

S. P. Williams, of the White Detective agency, York, was another witness on the stand Thursday afternoon. He testified to the trip made to the home of John Duncan and added no new evidence to the proceedings.

YORKVILLE STREETS QUIET

(By Associated Press)
Yorkville, Ohio, Feb. 10.—So quiet were the streets here Thursday that Sheriff Lucas went to Steubenville, the county seat, where Frank Wolf and Ted Roberts are in jail in connection with the shooting here Thursday. MAY ARREST M'CONNELL SOON

Prosecution Is Said to Have Been Insisted Upon By Chief.

COLES REFUSES DENIAL

Booze Scandals, it is Understood, Will Now be Cleaned up by Federal Authorities.

Philadelphia, Pa., February 10.—A rumor that orders had come from Washington for him to proceed with the prosecution of Senator William C. McConnell, former State director of prohibition, for his participation in alleged irregularities, was not denied by Federal District Attorney George W. Coles. It is understood that positive instructions to go ahead with the case were given to Mr. Coles personally on a recent visit to the office of the Commissioner of Internal Revenue.

In refusing to confirm or deny the widely circulated rumor, Mr. Coles said: "I will say nothing at the present time. While I will not say that our office is not contemplating such action, there is nothing to be given out at this time. When the time does come the public will be told everything."

Penrose Prevented Action
The arrest of McConnell has been looked for since the death of Senator Penrose. It was Penrose who had McConnell appointed and the late Senator was instrumental in keeping the former dry chief in office after Slater and Benner, his subordinates, were fired. Since the death of the senior Senator McConnell was forced to resign his office and now it looks as though he will have to face a jury and answer charges made against him.

The arrest of McConnell will make him a co-defendant of his former secretary, Albert F. Slater; Hiram W. Benner, formerly in charge of the permit division of the prohibition office, and six bootleggers, including the notorious Sam Singer.

"McConnell had only one real friend and that was Penrose," was the way one politician put it Wednesday. "The former prohibition director was under the impression that if he resigned from office he could escape prosecution, but evidently those who helped keep his skirts clean so as not to make enemies of Penrose have had a change of heart since the death of the Senator."

Slater and Benner Only Goats
Lawyers representing Slater and Benner have also been registering kicks. They maintain that Slater and Benner were merely goats for McConnell, who was really back of the alleged irregularities. All of the permits issued by Slater and Benner were signed by them with McConnell's name. While these men had the director's permission to do so, the lawyers contend that McConnell is just as guilty as his two clerks if any of the permits bearing his name were granted illegally.

When McConnell was put into office, persons interested in dry movement throughout the State complained that McConnell had been wet all his life and was taking the job to please Judge Witmer, of Sunbury, who was to have been Senator Penrose's choice for Governor this year. One of McConnell's duties, they insist, was to collect a campaign fund to be used in the election of Judge Witmer.

Slater, who was put in as McConnell's assistant and who is now at liberty under \$25,000 bail, pending trial, was not appointed by the director himself but by Judge Witmer, who had employed Slater as secretary for about 12 years.

HAS EFFECT ON EMPLOYMENT

Nearly 4,000 Civilian Employees Of Ship Yards Furloughed.

Washington, D. C., Feb. 10.—The first effects of the armament conference on the employment situation were felt yesterday when several thousand mechanics and artificers in navy yards were temporarily laid off after Secretary Daniels had ordered suspension on all ordnance work designed for the naval vessels slated for "scrapping" under the naval limitation treaty. The instructions were issued in line with President Harding's order of Wednesday, suspending work on the vessels under construction affected by the treaty. The navy yards affected are those at Washington, New York, Philadelphia, Norfolk, Mare Island, California, and probably Boston. The ordnance plant at South Charleston, West Virginia, also was similarly affected.

While these instructions were being sent out President Harding was receiving the report of the American arms delegation together with the treaties growing out of the conference. After receiving these documents the President had the four delegates as luncheon guests at the White House. The President has not decided whether he will deliver to the Senate the treaties in person, it was said later.

SPREADS SPIRIT OF DISCONTENT

Says Congressman of Prohibition Enforcement. Requires \$10,000,000 to Arm Sleuths.

Washington Feb. 10.—The United States for two years has tried the experiment of forcing prohibition upon the people and the only appreciable development has been the increasing cost of enforcement. Representative Gallivan, of Massachusetts, declared in a speech put into the record yesterday.

Mr. Gallivan charged that Commissioner Haynes had asked Congress for \$10,000,000 "to spread the doctrine of discontent, the doctrine of Bolshevism of Russia at home," and the Commissioner "demonstrates his uncertainty as to his own duties by devoting more time to propaganda than anything else."

"Major Haynes," he added, "appears to be one of those disturbers of the country who does not know that the war has ended and that militarism has taken a holiday, for he wanted \$10,000,000 to arm his sleuths and encourage them to exercise their war powers and enter our places of business and homes without a search warrant, to hold up on the street any man or woman going home with Saturday shopping or carrying a bottle of grape juice to a church social."

Declaring that Commissioner Haynes was the head of the only army "that has not gone on a peace basis," the Massachusetts Representative said the Commissioner would "not ask for marines, because marines are not grafters and cowards."

A number of Kansas rabbits were released in the vicinity of York Springs recently by E. Kenton Gardner, D. E. Emlet and E. C. Keefer, who secured the animals from Game Warden Bushman.

TAKE LAW IN OWN HANDS
Make Victims Tell Editor Reason For Beating.
(By Associated Press)

Texarkana, Ark., Feb. 10.—Twice within 24 hours masked men have entered the news room of the Four State Press, a Texarkana morning paper, on each occasion bringing with them a man they had taken out and whipped. Each was blindfolded and made to tell him, meaning the city editor, the reason for it. One man said he was whipped for beating his wife and the other said he had annoyed another man's wife. Both denied they had committed an offense.

AMBUSH CONSTABLES

(By Associated Press)
Belfast, Feb. 10.—A party of Ulster special constables was ambushed last evening by 30 men who opened fire on the police car at Clady on the Donegal-Tyrone road which previously had been the scene of several disturbances. A constable was shot and killed. An official report issued here declared the constable was shot by members of the Irish-Republican army from Donegal. James Robinson was found shot dead near Durgan, county Armagh, last evening.

NEW GARAGE FIRM
Announcement that will be of interest to automobile owners in the upper end of the county has been made by Blaine G. Walter, electrician, and Edward S. Roth, mechanic, that they will open a garage on North Main street, Biglerville. It was also announced that this firm had been appointed agents and distributors of the Ford car and Fordson tractors. The firm may build an addition to their present garage to meet the needs of the business.

MAY NOT TAX CHECKS
Washington, Feb. 10.—Reaching a final agreement on the soldiers bonus tax program a House Ways and Means sub-committee decided today against a tax on bank checks. The program was not made public but it was stated authoritatively that with the exception of the bank check tax it was substantially the same as that given last evening.

FINEGAN STANDS BY THE SCHOOLS

(Continued from First)

opposed Dr. Finegan's policies to have enough courage of conviction to call for more information.

"If the law is not to your liking," he said, "it is your duty here to thresh matters out and determine what the people want. If the law is wrong, it is our duty not to disobey it but to have it amended so that it meets the needs of the people. You are here to determine the school policy of Pennsylvania. You should, while here, determine, discuss and finally settle those questions which mean so much to Pennsylvania."

George Ross Hull's Speech

"Instead of criticizing the Superintendent of Public Instruction for recommending legislation," said George Ross Hull, addressing the convention Thursday morning, "we should be justified in charging him with dereliction of duty if he failed to do so. The obligation which rests upon him, does not in any way, however, remove from the Legislature the duty and responsibility which at all times rests upon it, of determining what functions of government work shall be undertaken by the government." Mr. Hull, who is Deputy Attorney General, said he spoke as a member of the Harrisburg School Board and not as a representative of the State government.

Outlining the charges of extravagance in the expenditure for school purposes, Mr. Hull said of the total appropriation for school purposes of \$30,000,000 the critics of Dr. Finegan had carefully neglected to harp upon the fact that \$22,583,500 is designed for support of the common schools of the State and "they fear," he continued, "to attack the salaries of teachers."

NO LIGHT ON MURDER

Complex Angles Being Studied. Find Letters From Mabel.

(By Associated Press)
Los Angeles, Cal., Feb. 10—The camera of the district attorney's office was turned toward Hollywood today to imprint all the information that can be obtained from those actresses, producers and others in order to find a solution to the mysterious death of a week ago of William Desmond Taylor, noted director, whose name was William Cunningham Dean-Tanner.

District Attorney Woolwine, it was announced turned the case of Mrs. Madeline Obenchain on trial for murder over to his chief deputy and is directing all his attention to the Taylor mystery.

Complex angles of the mystery which investigators say, give strong indications of the murderer were placed under exhaustive scrutiny. These include a package of letters written by Mable Normand, the last person known to be with Taylor. This packet was found late Wednesday night.

HINT AT FOUL PLAY

Government Will Probe Burning of Transport.

(By Associated Press)
Newport News, Va., Feb. 10—Survivors of the former transport, Northern Pacific, which was burned at sea Wednesday with loss of four lives are not convinced that the burning of the ship was wholly accidental while neither Captain Lusti, who was in command nor any member of the crew would make a formal statement concerning the fire some of the latter declared they suspect foul play. Belief was expressed among survivors that the fire was a result of some activity on board before she left her berth at Brooklyn.

Washington, Feb. 10—An investigation of the origin and circumstances accompanying the fire which Wednesday destroyed the former army transport Northern Pacific off the New Jersey coast was understood Thursday to have been instituted by the government.

FRONTIER LINE OF STEEL

Five Thousand Men Police Lines In Ulster.

(By Associated Press)
Belfast, Feb. 10—Ulster's frontier was virtually a line of steel today following the raids Wednesday in which many unionists were kidnapped. From Portadown, county Armagh, to Ballick on the Fermanagh, Donegal border, forces of "specials" were on guard, as well as heavy contingents of regular constabulary. It was estimated that 5,000 men were engaged in policing the lines.

Bible Thought for Today

THE WAY TO FREEDOM:—Ye shall know the truth, and the truth shall make you free.—John 8: 32.

McSHERRYSTOWN

McSherrytown—The report of another robbery in this place was current on the streets of town. The house entered this time was that of Levi Adams, on North street, near Sixth street. The entrance was made last Sunday evening or night sometime by way of the veranda roof, when a window was forced open, letting the robbers into a spare room of the house. The thieves took with them a dime bank containing about \$2, and \$15 in cash. An envelope containing \$25 was found on the floor where it had evidently been dropped by the party or parties as they fled. The family of Mr. Adams which includes a married daughter and her family; a son and other persons must have been asleep at the time in the other rooms of the house. A small bureau which was locked had the drawers pried open. It was Monday noon before the discovery of the robbery was made. No one goes into the spare room unless on special errands which accounted for the belated discovery. It is not known whether there are any clues to the identity of the guilty ones. It is just possible the guilty ones may be found in this instance by the very latest means of detection, which is positive.

Andrew McSherry, of North street, who is ill, is unimproved.

Scott White, of Key-Mar, Md., spent several hours in town Wednesday.

Leroy Little and John Bergey, of Perkaspie, Pa., are spending some time in town with friends and relatives.

Mr. and Mrs. Edward Willet, of South street, on Tuesday evening gave a party in honor of their daughter, Ruth. They were entertained by games and music after which refreshments were served.

PLENTY TO SHOOT AT, ANYWAY

Life of Lewis, the Robber

Written by himself while a prisoner at Bellefonte, Pa.

If it had appeared that Jonas was possessed of a sufficient sum of money to justify the risk, our plan was to seize him after he had crossed the bridge on his return home, in some suitable part of the road, the most remote from any house, carry him into some thicket of wood, tie him and his horse to a tree, and procure from him the key of his chest, or gain intelligence where his money was hidden, and get some token from him to his family enabling us to deceive them and carry off the spoil without difficulty or danger; but the intelligence I gathered from the conversation between him and Bucher convincing me that Jonas neither carried money about his person nor had any at home, compelled me to abandon the scheme altogether as fruitless and vain.

Being thus baffled in my expectations of robbing Mr. Rupp, I returned to our place of rendezvous a good deal disheartened in spirits and disturbed in mind as to my future prospects; reflections on the past produced only disagreeable and painful sensations, and anticipation of the future afforded but gloomy prospects. Possessing however, a restlessness of disposition, my mind could not remain unoccupied without engaging in some new scheme. Necessity too, furnished a new motive for action, and though I generally despised petty thefts and spring-house depredations, and wished to pursue the noble game of highway robberies, which, while they were more profitable, were better calculated to make a great noise in the world and produce a temporary eclat, flattering to the pride of one who had gained a reputation for generosity even in his crimes, I was reduced to the alternative of starving in the midst of plenty or descending to the expedient of committing petty larcenies for the purpose of supplying the wants of nature. I did not hesitate long before I chose the latter, and in one of my predatory excursions I discovered on the farm of Conrad Reininger, a wealthy and respectable German, a web of homemade cloth lying in an exposed situation. The temptation was too powerful for one in my distressed case, to occasion hesitation or delay in seizing the valuable prize the first favorable moment that offered. I made the attempt accordingly as soon as the stillness and darkness of night rendered it safe; but darkness and night do not always afford a cover for crime, or a mantle for iniquity. I was surprised in the attempt to carry it off, was pursued in my flight and finally overtaken.

POLICE FIRED ON MOB

London, Feb. 10—The British Indian police fired on a mob of 10,000 natives during a serious riot at Tiruvannamalai, about 85 miles southwest of Madras in the Tanjore district on Tuesday last, and killed three persons and wounded eight others, says an Evening News dispatch from Madras, filed Tuesday and received today.

ASSIST NATIONS TO THINK RIGHT

Plea of Rev. Dr. George W. Nicely, Hanover, Speaker at Seminary Prayer Week.

"Man thinks from his earliest infancy and even the thoughts of the baby can be distinguished by its elders," declared Rev. Dr. George W. Nicely, pastor of St. Mark's Lutheran church, Hanover, speaking at the Thursday evening service of the Seminary Y. M. C. A. week of prayer which has been in progress since Monday. Dr. C. F. Sanders, of the College faculty was the speaker Monday evening while Luther Dail, D. D., of Philadelphia, addressed the students Tuesday and Wednesday evenings.

Dr. Nicely took as his theme "The Importance of Right Thinking" and throughout his talk urged the need of right thinking men and women in the world's affairs at all times.

"Some nations on this globe have been taught to think wrongly," Mr. Nicely asserted, "such as Japan, China and India. These nations have had the wrong training since their earliest history and as a result are in the throes of dissension either within their respective countries or with each other."

"America, on the other hand, has always been a land of right thinking people and it is her duty to help the nations which have been in the wrong for ages."

Mr. Nicely closed his remarks with the plea that the students of the Seminary who have been living in a country where right thinking is always tolerated, should carry the message of right thinking to other countries where it has never been known.

Dr. Milton H. Valentine, of the College faculty, will be the speaker at the last of the services this evening at 7 o'clock in the Seminary chapel.

EYESTRAIN AND HEALTH

Eyestrain means overtaxing the nervous system with its consequent ills.

The only safe and sane method is to consult a recognized practitioner of ability and have your eyes thoroughly examined. Such an examination requires more than looking through lenses at a test card, and while it takes longer to make a thorough scientific examination, the time is well spent. May we advise you?

MT. ST. MARY'S WIN THRILLING GAME

Overcomes Gettysburg Lead And Gets Second Victory of The Season.

The fast-travelling quintet which represents Mt. St. Mary's College at Emmitsburg on the basketball floor this year showed determination and skill in the Gettysburg College gymnasium Thursday evening and these two factors enabled them to defeat the Orange and Blue five for the second time this year. Score 26-23.

From the opening whistle, which was delayed a few minutes because Referee Taggart found the roads treacherous, until the final blast the great crowd that filled the enclosure was on its toes. Gettysburg started off with a rush and Henry Bream dropped two two-pointers through the net before Mt. St. Mary's was aware the game was on. The score was tied at four in a few seconds when Johnson and Flynn each caged me from the field. From this time on to the end of the first half Gettysburg slowly pulled away from the collegians from below the line and when the half ended Captain Gingerich's shooters were five points to the good with the score 12-17.

It was early in the second half that the crowd realized that the best part of the battle was yet to come. Captain Chapman, veteran guard of the Maryland school, started his team to victory when he caged two pretty goals from mid-floor a few minutes after the half started. His aggressive playing, coupled with an improvement in team work was all that was needed for Mt. St. Mary's to overcome the Gettysburg lead and take home the game.

Both Chapman and Fisher were wild on the foul line. Fisher caging 3 out of 9 and Chapman 6 out of 14. Both teams scored ten field goals. For Gettysburg Henry Bream caged six of these and takes the scoring prize of the evening. Emanuel was a tower of strength in breaking up Mt. St. Mary's passing, but most of the time was wild in shooting.

The game was the fastest on the local floor this year and one in which fewer fouls were called than usual. Not a foul was called during the first five minutes of play, which was fast and furious. The line-up:

Gettysburg	Mt. St. Mary's
Bream	Forward
Emanuel	Forward
Weigle	Center
Gingerich	Guard
Fisher	Guard

Goals from field: Bream 6; Emanuel 2; Weigle 2; Ruiz 2; Johnson 2; Flynn 3; Chapman 3; Hart 1.
Goals from foul: Fisher 3 out of 9; Chapman 6 out of 14.
Substitutions: Gantz for Bream and Bream for Gantz.

Charles E. Parr, Formed Littlestown Boy, Scores Fall.

Charles E. Parr, of Kentland, Indiana, wrestling in the 115 pound class for Indiana University in the match with Michigan Agricultural College last Saturday night, scored a fall over Gelpin. According to Coach Reynolds welterweight champion of the world, Parr showed excellent form in his first intercollegiate match and will be a regular on the team in the coming Big Ten meets. Parr is a junior in the university, and a member of the Acacia Fraternity, the national invitational society fraternity, which is composed of college Masons.

Charles E. Parr is a son of Mr. and Mrs. John F. Parr, formerly of Littlestown.

NOW IN THIRD PLACE

Harrisburg Tech Defeats Reading by 22-Point Margin Wednesday.

By defeating Reading High on Wednesday evening, Harrisburg Tech jumps to third position in the standing of the Interscholastic basketball league. Steelton and Williamsport are ahead of the Capital passers. Gettysburg tossers are still in sixth place with a percentage of .250 and .150 lower than their nearest competitor, Lebanon. Gettysburg has played more games than any other team in the league. They have won 2 and lost 6.

PROSECUTORS TO MEET

District attorneys of the State will be called into conference on the subject of law enforcement about March 21 by Attorney General George E. Alter. Acting on a suggestion from Attorney General H. M. Daugherty, of the United States, Mr. Alter wrote to the prosecuting officers of the various counties for their opinions in regard to such a gathering for discussion of problems and almost every one has replied in favor of the meeting.

Mr. Alter said he would in all probability call the meeting for about March 20 or 21, and the district attorneys would be formally invited to attend.

The suggestion of Mr. Daugherty was for the conference to take up matters on which both State and Nation had made enactments.

FUND FOR LABORATORY

From Proceeds of Euchre Held at Home of Dr. A. C. Rice.

Over one hundred guests were present at the euchre party held Tuesday evening at the home of Dr. and Mrs. A. C. Rice, McSherrystown, for the benefit of the Alumnae association of St. Joseph academy. The home was beautifully decorated in yellow and white crepe paper, the school colors. Twenty five tables were taken up by those who played cards. A number were also present who did not indulge in the games.

About thirty prizes were awarded to those who scored the highest number of points. These prizes were donated by friends of the association and consisted of many beautiful articles some of them the hand work of the sisters of St. Joseph. Mrs. Rice was assisted in making the affair a success by the many friends who submitted donations. At about 10 o'clock refreshments were served.

These consisted of sandwiches, ice cream, coffee, cake and candy. The proceeds will be devoted to the fund for the establishment of a chemical laboratory at the academy.

DOWN DILLSBURG

Biglerville High Victor In Fast Cage Contest.

Dillsburg High, padded with a couple of six footers met defeat for the second time within a week at the hands of the Biglerville tossers at the capital of the upper end on Friday evening when B. H. S. came out on top of a 30 to 14 score.

The game was much faster than the score indicates and the crowd was always on edge. McCreary, a stranger to the Dillsburg team in all previous games, showed fast floor work. He stood over six feet in height and his size enabled him to play a stellar game. The features of the game were the shooting of Knouse and the defensive work of Carey. The score follows:

Biglerville H. S.	Pt	FG	Pts
Knouse	7	0	14
Minter, forward	1	5	7
Gilbert, center	1	0	2
Oyler, guard	2	3	7

CUPID WORKED OVERTIME

Proposes, Is Married And On Honey-moon In Few Hours.

York, Pa., Feb. 10.—Cupid worked while York slept last Wednesday. Philip Jackson having popped the question to Miss Helen Gartshore at 11 o'clock, had a bride at 1, and yesterday the couple were on their way to Palm Beach, Jackson and his bride both live in Reading. Last evening Jackson called on Miss Gartshore at the home of Mr. and Mrs. B. A. Shaeffer, where she was a house guest. Mr. and Mrs. Shaeffer, who had gone out for the evening, were summoned home by a telephone announcement of their decision.

At 11:30 o'clock Clerk of the Courts Purd Smith was called from bed to issue the license. At 12:40 o'clock Will K. Robert, a local jeweler, was aroused from his sleep and engagement and wedding rings were purchased. At 1 o'clock Rev. Walter J. Hogue, pastor of the First Methodist Church, responded pleasantly to a summons from slumber to perform the ceremony in the living room of the parsonage. Mr. and Mrs. Shaeffer attended the couple.

ROADS BUILDING PROGRAM

1922 Schedule Will Include The Road From East Berlin To Wellsville.

Several score of residents of Upper York County appeared before the county commissioners Monday and urged the construction of a concrete highway on that portion of route No. 190 of the Sproul system leading from Wellsville to Kraitown at distance of 3 1/2 miles, as part of the 1922 good roads program.

The visitors contended that when the \$2,500,000 good roads loan was authorized the road leading from Wellsville to East Berlin was included in the 80 miles of secondary roads which were to be built out of the proceeds thereof, and that the stretch from Wellsville to Kraitown was included in the program to be carried out the first year.

The officials assured them that the proposed improvements could not be provided for this year but would be included in the program to follow this year's operations. They were of the opinion that the road from East

FLU EPIDEMIC IN UNIONTOWN

Uniontown, Pa., Feb. 10.—Approximately ten thousand persons or 50 per cent. of the population of Uniontown, are ill with influenza, and unless drastic measures are taken to combat the disease, the situation will become extremely serious.

While some cases of the disease are mild, others are more severe. The disease made its appearance here three weeks ago, but only within the last few days have the number of cases increased rapidly.

SICKNESS THIS TIME OF YEAR

If You Tire Easily and Feel Run Down, You Need Gude's Pepto-Mangan

All over the United States the health of the people is guarded carefully by Boards of Health. Yet with all that care and watchfulness a disease sometimes breaks out, and spreads from home to home.

There is one safeguard that is prophesied by all physicians. That is to keep in good physical condition.

Gude's Pepto-Mangan builds up the blood by increasing the number of red corpuscles. It is then able to fight disease germs and carry them off.

If you do not feel right, start today and take Gude's Pepto-Mangan. Keep on taking it and notice how much better you feel.

Gude's Pepto-Mangan is put up in both liquid and tablet form and is sold by druggists everywhere. The liquid and tablets have exactly the same medicinal value. Buy whichever you prefer. Be sure it is "Gude's Pepto-Mangan."

Take MASTIN'S VITAMON TABLETS
Easy and Economical — Results Quick

Of what use are fine features with an ugly, mottled skin, flabby flesh, sagging cheeks, pouches under the eyes, or a careworn, tired-looking face?

Few men there are now who cannot astonishingly add to their energy and vigor, clear the skin of eruptions and enjoy that splendid firm flesh "perk" of a well-built body. Since Science wrested from Nature those mysterious life-giving, health-building elements—the vitamins—thousands upon thousands can tell you of the amazing and almost magical results from their use.

MASTIN'S VITAMON TABLETS contain not only yeast vitamins, but all three of the precious vitamins—A, B and C—especially concentrated and combined with true organic iron and the necessary lime salts which your system needs to keep you strong and well.

If you want to quickly clear your skin and complexion, put some firm healthy flesh on your bones, increase your nerve force and power and look and feel far better, make this simple test: First weigh yourself and measure yourself. Next, take MASTIN'S VITAMON TABLETS—two tablets with every meal. Then weigh and measure yourself again each week and continue taking MASTIN'S VITAMON TABLETS regularly until you are satisfied with your gain in weight, "pep," energy and improved appearance.

A Word of Appreciation

In giving up my furniture business which I have conducted in Gettysburg for the last twenty five years, I desire to express my appreciation to my many customers and friends for their patronage.

My only hope is that the patronage I have enjoyed will be extended to my successor, R. W. Wentz, who has had a wide experience in the manufacture of furniture.

I will continue to conduct my undertaking business and will have associated with me my son, J. Milton Bender, under the firm name, H. B. Bender & Son, funeral directors. We will now give our entire attention to the undertaking business.

LINCOLN'S CHALLENGE

"The hired laborer of 'yesterday', labors on his own account to-day and will hire others to labor for him 'tomorrow'."

There is a challenge to YOU in that significant statement of Lincoln's, and just encouragement in the fact that most of today's successful bankers, manufacturers, and farmers were "yesterday's" clerks, machinists, and farm hands.

The men who bought the least "yesterday" may buy the most to-day. The men who live on less than they earn to-day, and bank the difference, are fitting themselves to fulfill Lincoln's prophesy for "tomorrow."

If you'll put forth that kind of effort, this bank will help YOU become a leader "tomorrow."

ONLY POWERFUL
MEDICINE WILL END
RHEUMATISM

It matters not whether you have had agonizing pains from rheumatism for 20 years or distressing twittings for 20 weeks. Rheuma is strong enough and mighty and powerful enough to drive rheumatic poisons from your body and abolish all misery or money back.

Peoples Drug Store and all druggists sell Rheuma on a no-cure-no-pay basis. A large bottle is inexpensive, and after you take the small dose as directed once a day for two days you should know that at last you have obtained a remedy that will conquer rheumatism.

For over ten years throughout America Rheuma has been prescribed by broad minded physicians and has released thousands from agony, pain and despair.

80-YEAR-OLD FISHERWOMAN
York county's oldest fisherwoman, Mrs. C. A. Love, Shenk's Ferry, aged 80 years, was granted a fisher's license by County Treasurer Eckert. The aged woman lives retired and during the fishing season goes to the breast of McCall's Ferry dam on the Susquehanna river, near her home, where she often spends an entire afternoon angling.

CUT IN STATE HEALTH DEPT.
Col. Edward Martin, Commissioner of health, announced dismissal of twenty-two clerks from the division of Medical inspection of his department as part of the program of reduction of force and expenses determined upon last fall. The appropriations available for medical inspection of schools will not permit of extended work and only "follow-up" supervision will be carried out this year.

AID ON STATE ROAD SYSTEM
The state highway department cannot assist in purchase of turnpikes not on the State road system and will not entertain such propositions, according to a statement made Thursday to a committee of Berks county people, by Assistant Highway Commissioner George H. Biles.

FARM SCHOOL WAS MARKED SUCCESS

(Continued from First)

their banks to encourage the members of the county farm clubs in the raising of pure-bred livestock. Mr. Taylor explained that the bankers were pleased with the progress being made by the Farm Bureau with boys' and mens' clubs and that to encourage this work several banks had volunteered to lend money for certain projects at 5 per cent.

Mr. Taylor explained that if a boy desired to purchase a pure-bred calf or other animal the bank would be glad to lend the boy money and open an account with him rather than have the youth's father transact the business for him. He said in this way the boy would be given an idea of the methods used in the transaction of business which would be of aid to him when he grew older.

CELEBRATES 83RD BIRTHDAY

(Communicated)

The women of Table Rock spent a very enjoyable evening at the home of Mrs. Angeline Deatrick, in honor of her 83rd birthday. The ladies did their best to make it a memorable event for their hostess, but were entirely outdone by the songs and recitations of the old lady, who is blind. Mrs. Deatrick has an exceptional memory. She received many birthday cards from her many friends. Refreshments were served in abundance. Those present were: Mrs. Angeline Deatrick, Mrs. Hettie Beam, Mrs. L. C. Plank, Mrs. E. G. Lower, Mrs. L. A. Yeagey, Mrs. George Weikert, Mrs. William Funt, Mrs. D. E. Wolf, Mrs. G. W. Wagner, Mrs. Charles Austin, Mrs. P. A. T. Bower, Mrs. W. S. Flook, Miss Sue K. Black, Miss C. B. Moore, Miss Margaret Deatrick, Miss J. Anna Deatrick, Mary Yeagey, Marie Funt and Master Willis Yeagey.

WILL LEARN COST OF "DATES"

"Leap Week" At Oregon To Be Celebrated On 50-50 Basis

Eugene, Ore., Feb. 10.—Next week will be senior "Leap Week" at the University of Oregon, when the women members of the senior class will be required to make "dates" with the male members of the class and to pay the expenses of such appointments on a basis of 50-50, according to a decision of the class. It is announced that the Oregon Emerald, the student paper, each day will print stories of the couples, where they went and how much money they spent.
